5. THE CBCS SYSTEM:

All programmes (named after the core subject) mentioned earlier shall be run on the **Choice Based Credit System (CBCS).**

SEMESTERS: An academic year is divided into two Semesters. In each semester, courses are offered in 15 teaching weeks and the remaining 5 weeks are to be utilized for conduct of examinations and evaluation purposes. Each week has 30 working hours spread over 5 / 6 days a week.

6. CREDITS:

The Term "Credit" refers to the weightage given to a course, usually in relation to the instructional hours assigned to it. Normally in each of the courses credits will be assigned on the basis of the number of lectures/tutorials/laboratory and other forms of learning required to complete the course contents of a 15-week schedule. One credit is equal to one hour of lecture per week. For laboratory/field work one credit is equal to one or two hours. The total minimum credits, required

for completing a UG programme is 140. The details of credits for individual components and individual courses are given in Tables – 1(A) & 1(B).

7. COURSE:

Each course is to be designed variously under lectures/tutorials/laboratory or field work/seminar / practical training / Assignments / Term paper or Report writing etc., to meet effective teaching and learning needs.

8. COURSES IN PROGRAMMES:

The UG programme consists of a number of courses. The term 'course' is applied to indicate a logical part of the subject matter of the programme and is invariably equivalent to the subject matter of a 'paper' in the conventional sense. The following are the various categories of courses suggested for the UG programmes.

Part I –T/OL (Tamil or Hindi or Sanskrit or Arabic, French or special subject designed in lieu of the above)

Part II – English Language (EL) or special subject designed in lieu of the above

The Tamil/other languages and English Language courses are 4 each in number and the T/OL and EL are meant to develop the students' communicative skills at the UG level. They are the basic courses compulsorily required for each programme of study.

Part III includes

    A. Core Course (CC)

        Core courses are the basic courses compulsorily required for each programme of study. These will be related to the subject of the programme in which the candidate gets his / her degree (Core Competency, critical thinking, analytical reasoning, research skill & teamwork.)

    B. Allied (AC)

        Within the faculty, the students shall undergo two discipline-specific allied courses (one in the first year and another in the second year of his/her study except for computer application). The students of each Department may select two Allied courses each from two disciplines

C. Discipline Specific Elective (DSE)

Discipline-specific elective –Additional academic knowledge mostly related to skills, critical thinking, and analytical reasoning. It is a student choice - either Internship or Theory papers or Project + 2 or 3 theory papers.

If internship– Marks = Internal two midterm evaluation through Viva voce + Report =150 Marks. External – Report (150 Marks) + Viva voce (100 Marks) = Total 250, Internal + external total marks 400. If Project (Internal -50 +Thesis - 100 + Viva voce 50 = Total Marks 200) + Theory Papers– (2 theory papers x100 = 200) = Total Marks -400. If in some programmes, the project is equivalent to more than one course, the project marks would be in proportion to the number of equivalent courses.

(i) Project/Dissertation

The duration of the Project/Dissertation shall be a minimum of three months in the final semester.

Plan of work

The candidate shall undergo Project/Dissertation Work during the final semester. The candidate should prepare a scheme of work for the dissertation/project and should get approval from the guide. In such a case, the candidate shall acknowledge the same in their dissertation/project work.

No. of copies of the dissertation/project report

The candidate should prepare three copies of the dissertation/project report and submit the same for evaluation by the examiners. After evaluation, one copy will be retained in the department library, the guide will retain one copy and the student shall hold one copy.

Format to be followed for dissertation/project report

The format /certificate for the thesis to be followed by the student is enclosed in **Annexure-I**

(ii) Internship
